INTERNSHIP/EXPERIENCE

Content Writer

The Marketers Hub, New Delhi

January 2023-Present

- The Marketers Hub is a digital marketing based startup aiming at promoting their brands.
- I have worked with them in creating contents for brands they are collaborating with. Currently I am working with 7 brands.
- I have also appreciation for appreciable performance among my peers.

Web Developer

Bharat Intern

June 2023-Present

- Working as a web developer intern on technologies like html, CSS, JavaScript and ReactJs.
- Making projects like portfolio website, unit converter.

PROJECTS

Fitness App

Project Link: <https://github.com/akankshaa0209/WorkoutToDo.git>

- This is a project based on React which is implemented using API at the backend to fetch the exercises data.
- Various React hooks and features have been used to make the website more dynamic.
- It also shows related exercises and YouTube videos to users for better references.

Music Player

Project Link: <https://github.com/akankshaa0209/MUSICPLAYER.git>

- This is a music player website designed using technologies including HTML, CSS and JavaScript.
- Audio APIs have been used.
- Customization has been done using various CSS stylings.

Random Gif Generator

Project Link: <https://github.com/akankshaa0209/RandomGif.git>

- This is a react based application in which I have created custom react hook to generate random gifs using an API call. The gifs can be random ones or as per the tag entered by the user.

ACHIEVEMENTS

- 5 star in C++, 4 star in C and SQL on HackerRank.
- Great Learning certifications in blockchain, graphic designing, project management.
- LinkedIn Learning Certification in SQL, C, C++, Web Designing and Development.
